**Importance:** High

Dear Luke,

The conciliation conference for matter number C2019/5259 to be held on Wednesday 14 December 2022 has been brought to our attention, as the peak employer body representing the Meat Industry including processors, smallgoods manufacturers and retail butchers, we would appreciate the opportunity to participate in the conciliation conference.

The Australian Meat Industry Council do not support the removal of the current Meat Industry Level 1 classification, nor do we support an amendment that would insert a maximum duration of one week for the utilisation of the classification.

However, we are keen to work with the AMIEU to come to an agreed position on the matter.

It would be appreciated if we could please be afforded an opportunity to participate in Wednesday's conference to progress this matter.

Regards,

**Stacey McKenna**
